

Stations of the Cross

Game Instructions

Aim

To pass each of the 14 Stations of the Cross by answering the questions correctly.

Organisation

Play the game in groups or in pairs.

The children could be given access to the internet or non-fiction texts to research their answers or the game could be used as an end of unit assessment tool.

Directions

Player 1 rolls the dice and follows the instructions according to the number you have rolled.

If you land on a station, you cannot pass it until a question about the Stations of the Cross has been correctly answered. Another player asks the question. If answered correctly, roll the dice as normal on your next go.

If you cannot answer the question, stay on the Station and try to answer another question on your next go.

The first person to reach the final station and answer the question correctly, wins.

Start	Station 14	Go back 1		Station 13
