

St John Fisher Catholic Voluntary Academy

SEN Policy **2024-25**

We must restore hope to young people, help the old, be open to the future, spread love.
Be poor among the poor. We need to include the excluded and preach peace.
Pope Francis

SEN Policy

Compliance

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (June 2014) 3.66 and has been written with reference to the following guidance and documents:

Equality Act 2010: advice for schools DfE Feb 2013

SEND Code of Practice 0 – 25 (June 2014)

School SEN Information Report regulations (2014)

Statutory Guidance on Supporting Pupils at school with medical conditions April 2014

The National Curriculum in England Key Stage 1 and 2 framework document Sept 2013

Safeguarding Policy

Accessibility Plan

Teachers Standards

The process of developing the draft of this policy was initially carried out by the Affinity TSA SENCo Leadership Development Group. It was then finalised by the SENCos at St John Fisher Catholic Voluntary Academy in consultation with SEN Governor, parents, pupils and staff at the school.

At St John Fisher Catholic Voluntary Academy, the Special Educational Needs Co-ordinator known as SENDCo, is Mr Philip Saxton

Contact details: 0116 2882203 (school offices) or email: psaxton@aquinas-cmat.org or work telephone 07917489286

AIM

We are committed to using our best endeavours to provide an appropriate and high-quality education for ***all*** children at our school which enables them to

- Achieve their best
- Become confident individuals living fulfilling lives
- Make successful transition to their next phase of education
- To respect the fundamental values of British society through our faith and love

We consider every teacher to be a teacher of every child, including those with special educational needs and disabilities. We have the highest aspirations and expectations for all pupils, including those with special educational needs.

We aim to achieve a community where parents and those working in school have a mutual trust and confidence in each other, created through clear, consistent approaches to communication and collaborative working, to enable outstanding outcomes for children with SEND.

We aim to provide all children, including those with special educational needs and disabilities, with a broad, balanced academic and social curriculum, which is accessible and ensures they are fully included in all aspects of school life and feel equally valued and fully part of the school community.

OBJECTIVES

To achieve this aim we will:

1. Strive to establish a fully inclusive school, eliminate prejudice and discrimination and create an environment where all children can be happy, flourish and feel safe.
2. We will respond to learners in ways which take account of their varied needs and life experiences, moving away from an approach that locates a problem within the child, but means doing everything we can to meet a child's SEND.
3. We are committed to identifying a pupil's special educational needs at the earliest point and then making effective provision as this is known to improve long term outcomes.
4. Work in close partnership with parents to achieve these aims. We are committed to parents participating as fully as possible in decisions and being provided with information and support necessary to enable this.
5. Support pupils themselves to participate in discussions and express their views and be fully involved in decisions which affect them encouraging them to become increasingly effective self-advocates.

6. Work in close partnership with a range of specialist agencies to enable us to provide effective targeted support.
7. Provide support, advice and training for all staff working with pupils with special educational needs to enable them to be increasingly able to adapt teaching to respond to the strengths and needs of all pupils.
8. Appoint a qualified Special Needs Coordinator who will have responsibility for the day-to-day operation of the SEN policy and coordination of specific provision made to support individual pupils with SEN, including those who have EHC plans.

The head teacher, SENCo, all staff, the MAT SEN working group and the Governing Body will work within the guidance outlined in the SEND Code of Practice 0 -25 (June 2014)

IDENTIFICATION OF SPECIAL EDUCATIONAL NEEDS

A pupil has SEN where their learning difficulty or disability calls for special educational provision to be made for them, that is provision different from or additional to that normally available to pupils of the same age. For some children, SEN can be identified at an early age. However, for other children and young people difficulties become evident only as they develop.

The identification of SEN is built into the overall approach to monitoring the progress and development of **all** pupils. Class teachers will assess each pupil's current skills and levels of attainment on entry, building on information from previous settings. Class teachers then make regular assessments of progress for all pupils identifying in particular where pupils are making less than expected progress given their age and individual circumstances. Where a pupil's progress is causing concern, this may be characterised by progress which:

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap

It can include progress in areas other than attainment – for instance where a pupil needs to make additional progress with wider development or social needs.

BROAD AREAS OF NEED AS OUTLINED IN THE SEND CODE OF PRACTICE (2014)

These four broad areas give an overview of the range of needs that the school plans for and not to fit a pupil into a category. In practice, individual children or young people often have needs that cut across all these areas and their needs may change over time.

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health
- Sensory and/or Physical

The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. In practice, individual children often have needs that cut across all these areas and their needs may change over time. In our school, the needs of the whole child will always be considered in this process.

There are other factors that may impact on progress and attainment that are not considered SEN:

- Disability
- Attendance and punctuality
- Health and Welfare
- English as an additional language
- Being in receipt of pupil premium grant
- Being a looked after child
- Being a child of a serviceman or service woman

Any concerns relating to a child's behaviour may be an underlying response to a need which the school would work with parents to identify.

THE GRADUATED APPROACH TO SEN SUPPORT

SEN Support takes the form of a four-part cycle where earlier decisions and actions are revisited, refined, and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. This is called the assess, plan, do, review cycle.

- **Assess.** Each term, the teacher assesses ALL children's progress using school assessments. If a child is identified with SEN then they are assessed/reviewed every 10 to 12 weeks using a combination of school assessments and specialist assessments, if applicable.
- **Plan.** Once the assessment has taken place/teacher identifies the next step, s/he will liaise with both the SENCo and the child's parents to discuss the provision and targets for the next term. These targets will form the basis of the pupil's SEN support provision.
- **Do.** During this period, the class teacher is responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. During this period adults supporting children implement strategies and interventions. High quality teaching and adaption/differentiation is essential and the additional intervention and support add another layer of provision to this.
- **Review.** At the end of each term or 10 to 12 week period, the class teacher will carry out assessments of the child and record their progress. The teachers use a range of assessment and tracking tools. The teacher will liaise with both the SENCo and parents to inform them of the results of the review and the next steps for the child. The SENCo will scrutinise children's books, intervention evidence and analyse trackers to ensure the targets are appropriate and are being met.

Examples of specialist agencies used by and that are available to be used by the school

- Educational psychologists
- Child and Adolescent Mental Health Services (CAMHS)
- Education Inclusion Service specialist teachers
- Specialist teachers for children with hearing and vision impairment, including multi-sensory impairment, and for those with a physical disability
- Speech and language therapists
- Occupational therapists and physiotherapists
- ASD services
- Cognitive learning services
- The Diana Service

In some cases, there is a charge for accessing specialist agency support; funding for which will come from the school's notional SEN budget and will be monitored by the SENCO and head teacher.

Where pupils are made subject to an EHC plan, the school will work in close partnership with any specialist agencies named on the Plan to provide support and specialist advice.

THE LA SEN SUPPORT PLAN AND EDUCATION HEALTH AND CARE PLAN PROCESS

Where the special educational provision required to meet the child or young person's needs cannot reasonably be provided from within the resources normally available to the school, the school, in consultation with parents, will consider requesting a LA SEN Support Plan *or* Education, Health and Care assessment from the Local Authority as appropriate. To inform this decision, the SENCO will have close regard to the local authority's criteria for funding through an SEN Support Plan or for an EHC Plan assessment.

This can be found on the Leicester Local Offer web site (<http://www.localofferleicester.org.uk/>) and the Leicestershire Local Offer web site (<https://www.leicestershire.gov.uk/Local-Offer>) along with information on the EHC plan coordinated assessment process and will be shared in full with parents to ensure they are confident and clear about what the process is and how they are involved in it.

THE SCHOOL'S RESPONSE TO AN EDUCATION AND HEALTH CARE PLAN

The school must respond to this legally binding document by planning to meet the criteria specified within the plan. If the school is unable to do this by making reasonable adjustments, then another school setting may be appropriate for the child. The EHCP will be reviewed on an annual cycle to ensure the objectives set are appropriate and being worked towards.

REMOVING PUPILS FROM THE SEN REGISTER

In consultation with parents, the child will be considered for removal from the SEND register where he / she has made sustained good progress that:

- better the previous rate of progress and has sufficiently closed the attainment gap between the child and their peers of the same age,
- or where a child's wider development and /or social needs have improved and progress in the targeted area is considered to be sustained
- and SEN Support is no longer required to ensure this progress is sustained.
- (Children who are on the register for medical reasons will remain so until no longer necessary)

SUPPORTING PARENTS/CARERS OF CHILDREN WITH SEN

The school is fully committed to a meaningful partnership with parents of children with special educational needs where they can be as fully involved as possible in decisions and are provided with the information and support necessary to enable participation in those decisions.

The school will do this by:

- Always making parents feel welcome and actively listening to their concerns, wishes and aspirations for their child, instilling confidence and building effective partnerships.
- Providing all information in an accessible way
- SENCo available for meeting by appointment through the school office or by email.
- Publishing about how the school implements the SEND Policy on the school web site following the information set out in the SEN information regulations (2014) and as part of the school's contribution to the Local Offer.
(<http://www.localofferleicester.org.uk/>)
(http://www.leics.gov.uk/index/children_families/local_offer.htm)
- Class teachers meeting with parents, in addition to parent evening appointments, to discuss concerns regarding pupils' progress at the earliest opportunity, raised either by the class teacher or the parents themselves.
- Class teachers will invite parents of pupils with SEN in their class at least three times a year to set and review the outcomes of support, discuss the activities and support that will help achieve them, and identify the responsibilities of the parent, the pupil and the school. It will provide an opportunity for the parents to share their views. This meeting may form part of or in addition to parents' evening meetings and may be supported by the SENCo.
- The school will ensure that teaching staff are supported to manage these conversations as part of their professional development.
- Support and guide parents in ways that they can help with their child's learning and development at home.
- A record of the outcomes, action and support agreed through the discussion are kept and shared with all the appropriate school staff and a record will be given to the pupil's parents.

- Signposting parents to wider support, information and services pertinent to their child's SEN by ensuring they know how to access the Local Offer and the LA's Parent Partnership Service.
- Advising the parents to contact SENDIASS, who are able to support parents with all aspects of SEN and disabilities.
- Leicester City: SENDIASS: 01162575027 Email address: [info @sendiassleicester.org.uk](mailto:info@sendiassleicester.org.uk)
- Leicestershire: SENDIASS: 0116 3055614 Email Address: sendiass@leics.gov.uk
- Consulting with a representative group of parents of pupils with SEND when reviewing the school's SEN Information Report (see school web site) and the SEND policy. A paper copy will be made available to parents on request.
- Planning in additional support for parents at key times, for example, when considering and making a referral for a coordinated assessment for an EHC plan and to ensure smooth and successful transition into the school or to next phase of education.
- Making use of media to contact parents and for parents to contact school in line with the school's Communication policy (*email, text, phone, face to face*).
- Seeking parents' views through periodic questionnaires and considering adjustments to practice in the light of analysis.

SUPPORTING PUPIL VOICE

The school recognises that all pupils have the right to be involved in making decisions and exercising choice. We aim to develop pupils' self-advocacy skills to enable them to transfer to their next phase of education confident and able to communicate, convey, negotiate or assert their own interests, desires, needs, and rights becoming increasingly able to make informed decisions about their learning and future and take responsibility for those decisions.

How the school will do this:

- Self-knowledge is the first step towards effective self-advocacy so, with their parents, we will support pupils to understand their strengths, needs and approaches to learning that are particularly successful for them and to have the confidence to voice their concerns, hopes and aspirations.
- Wherever possible and in an age appropriate manner, pupils with SEN are involved in monitoring and reviewing their progress and as fully as possible in making decisions about future support and provision. Their views are recorded and shared.
- All staff will actively listen to and address any concerns raised by children themselves.
- Planning in additional support for pupils at key times, for example, when considering and making a referral for a coordinated assessment for an EHC plan and to ensure smooth and successful transition into the school or to next phase of education.
- Pupils are also provided with additional support to contribute as fully as possible in their Annual Review. This can be, for example, by attending part of the review meeting in person, preparing a statement to be shared at the meeting, using a peer advocate to support them in the meeting or by preparing a recorded presentation to share at the meeting.

- Seeking pupils' views through regular questionnaires / group interview activities undertaken by the SENCOs and / or SEN Governor, considering adjustments to keep in the light of analysis.

SUPPORTING PUPILS AT SCHOOL WITH MEDICAL CONDITIONS

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have special educational needs (SEN) and may have a statement, or Education, Health and Care (EHC) plan which brings together health and social care needs, as well as their special educational provision where the SEN Code of Practice (2014) is followed. Arrangements in place in schools to support pupils at school with medical conditions are detailed with the school's policy for Supporting Pupils with Medical Conditions.

MONITORING AND EVALUATION OF SEN

The school regularly and carefully monitors and evaluates the quality and effectiveness of provision for all pupils including those with SEN. This is done through scrutiny of data related to the achievement of pupils with SEN, work scrutiny, observation and sampling of parent and pupil questionnaires. The school's SEN Governor also has a role in scrutinising the findings of the school's self-evaluation and relevant data as part of the Governing body's process of monitoring the effectiveness of the school's SEN Policy.

TRAINING

In order to maintain and develop the quality of teaching and provision to respond to the strengths and needs of all pupils, all staff are encouraged to undertake training and development.

Training needs of staff are identified through the school's self-evaluation process.

All teachers and support staff undertake an induction process on taking up a post and this includes a meeting with the SENCo to explain the systems and structures in place around the school's SEND provision and practice and to discuss the needs of individual pupils.

The school's SENCOs regularly attends (*SENCO Network / member of NASEN / Local SENCO meetings and JPD meetings for MAT SENCOs*) in order to keep up to date with local and national updates in SEND.

FUNDING FOR SEN AND ALLOCATION OF RESOURCES

The school's core budget is used to make general provision for all pupils in the school including pupils with SEN. In addition, every school receives an additional amount of money to help

make special educational provision to meet children's SEN. This is called the 'notional SEN budget'.

The amount in this budget is based on a formula which is agreed between schools and the local authority. The government has recommended that schools should use this notional SEN budget to pay for up to £6,000 worth of special educational provision to meet a child's SEN. Most children with SEN need special educational provision that comes to less than £6,000. If the school can show that a pupil with SEN needs more than £6,000 worth of special educational provision, it can ask the local authority to provide top-up funding to meet the cost of that provision. Where the local authority agrees, the cost is provided from funding held by the local authority in their high needs block. Schools are expected to use this funding to make provision for that individual pupil

The school may also use Pupil Premium Funding where a pupil is registered as SEN and is also in receipt of Pupil Premium grant to address the needs of these pupils and enhance learning and achievement.

Each term, in consultation with the head teacher and class teachers, the SENCOs will map the targeted provision in place for pupils on the SEN record to show how resources are allocated and to monitor the cost of the whole of our SEN provision. This targeted provision is outlined on the school's 'Class Outcome Plans' in addition to pupil's individual support plans and pupil progress meetings.

ROLES AND RESPONSIBILITIES

SENCO

The key responsibilities of the SENCO are taken from the SEND 0- 25 Code of Practice (2014) and include:

- overseeing the day-to-day operation of the school's SEN policy
- coordinating provision for children with SEN
- liaising with the relevant Designated Teacher where a looked after pupil has SEN
- advising on the graduated approach to providing SEN support
- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with parents of pupils with SEN
- liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support services
- liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- working with the head teacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements

- ensuring that the school keeps the records of all pupils with SEN up to date.

GOVERNING BODY AND HEAD TEACHER

The Governing Body will, in line with SEN Information Regulations, publish information on the school's website about the implementation of the school's policy for pupils with SEN. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

A member of the Governing Body is appointed to have specific oversight of the school's arrangements for SEN and disability and to ensure that the full governing body is kept informed of how the school is meeting the statutory requirements

The head teacher, SENCO and governing body will establish a clear picture of the resources that are available to the school and will consider the strategic approach to meeting SEN in the context of the total resources available, including any resources targeted at particular groups, such as the pupil premium.

Head teacher will ensure that the SENCO has sufficient time and resources to carry out his / her functions. This will include providing the SENCO with sufficient administrative support and time away from teaching to enable them to fulfil their responsibilities.

STORING AND MANAGING INFORMATION

All records containing sensitive records relating to the special educational needs or disabilities of pupils in school will be treated as highly confidential and be securely placed in a locked cabinet when not in use.

REVIEWING THIS POLICY

This policy will be formally reviewed annually. The views of parents of pupils with SEN and pupils themselves will be collected in the form of questionnaires.

ACCESSIBILITY – *The DDA, as amended by the SEN and Disability Act 2001, placed a duty on all schools and LAs to plan to increase over time the accessibility of schools for disabled pupils and to implement their plans.*

We have our own accessibility plan that is available on request.

DEALING WITH COMPLAINTS – Please see our Complaints Policy

BULLYING – Please see our Anti-Bullying Policy
